

Ready for the all-in-one solution?

Introducing the J35 Pro Bundle, the exclusive, limited-time offer for the educators!

Huge savings for new and current Stratasys customers in education.

Stratasys is pleased to offer the J35™ Pro Bundle for a discounted price.

This exciting bundle offer includes:

- The J35 Pro printer
- The ProAero™
- The WaterJet

Contact us today and find out how much you can SAVE!

What makes this combination such an amazing value?

With the J35 Pro printer, you'll get:

- All the benefits of an engineering-grade printer with a small footprint, low-maintenance design and silent, odor-free operation.
- Access to a full ecosystem of workflow tools to streamline design, including cloud-based service, print-to-click (Keyshot), on-demand training and an online community.
- An all-in-one solution built for the classroom, lab, office and your workflow
- Multi-Material Capabilities: Use three different materials separately or simultaneously to produce parts that meet your needs, such as concept models, functional prototypes, jigs, fixtures and more
- High Reliability: Get a fully functional, highly reliable printer that requires little maintenance.

With the ProAero you'll enjoy:

- A system that captures fumes generated during the printing process and returns ultra-clean, filtered air to your classroom or lab environment.
- The benefits of a quiet, low power consumption and integral speed control system

DON'T MISS THIS OPPORTUNITY - ACT NOW!

You must be in the education industry to qualify. Not to be combined with any other offer. No substitutions. No additional discounts allowed on this promotion. PO must be received and orders shipped on or before June 30, 2022. No "stacking" of discounts.
